## **Impartiality Policy**

UNICERT's management bodies and all employees are aware of the importance of impartiality and it is the primary responsibility of all employees, including UNICERT top management, to carry out certification activities in accordance with the impartiality requirements of the related standard and legal regulations.

UNICERT:

Carries out its certification activities in a manner that is free from all kinds of commercial, financial, political, administrative, etc. effects that may harm its independence, impartiality and objectivity and without seeking profit in its activities.

Analyzes all conflict of interest risks that may affect the impartiality of all management bodies, committees, personnel, assessors and technical experts, and takes all necessary measures.

Offers training services only to general participation and with general content.

Has adopted the principle of supporting the development of and cooperation with the certification bodies of all countries without competing with them.

Has adopted as an indispensable principle to continue its activities without discrimination against any party by providing the relevant parties with the opportunity to participate effectively in the maintenance of impartiality.
